

# DEBLINA ROY

React Js Developer

+91 6290331711 • roydeblinasec@gmail.com • www.linkedin.com • Howrah, WB, INDIA

## Summary

Aspiring React.js developer with a solid understanding of JavaScript, HTML, and CSS, and a strong desire to launch my career in front-end development. I have dedicated time to building practical React.js projects, focusing on creating responsive and interactive user interfaces. I am eager to learn from experienced developers, contribute to innovative projects, and grow my expertise in a fast-paced and collaborative environment. I am actively seeking an opportunity where I can apply my foundational knowledge and passion for front-end development to deliver meaningful results.

## Technical Skills

React.js • Next.js • Redux • Zustand • JavaScript (ES6+) • TypeScript • Tailwind CSS • Styled Components • Redux Toolkit • Zustand • Context API • Firebase • Git • GitHub • Vercel • React Testing Library • REST APIs • TanStack Query • Responsive Design

## Projects

### Trekking Travel Booking Website

2025 - Present

Built an interactive trekking travel booking website using **Next.js, TypeScript, Zustand, and Tailwind CSS**. Integrated **interactive maps, real-time weather updates, and a custom trek planner**.

- Developed a **tour guide matching system** for personalized trekking experiences.
- Implemented **dynamic trek difficulty ratings** based on user reviews and data.

### Personal Portfolio Website

2025 - 2025

Designed and developed a **portfolio website** to showcase my projects and skills.

- Built with **Next.js, TypeScript, and Tailwind CSS** for a modern UI.
- Integrated a **downloadable CV button** for recruiters.
- Fully **responsive and optimized** for SEO and performance.

### Spotify Clone

Date period

Developed a **Spotify Clone** with **React.js, JavaScript, and Tailwind CSS** that mimics the core functionalities of Spotify.

- Implemented **music player controls** (play, pause, skip, volume control).
- Designed a **responsive UI** with dark mode support.

### E-Commerce Website

Date period

Developed a **fully responsive e-commerce website** using **React.js, JavaScript, and Tailwind CSS**. Implemented essential e-commerce features, including product listing, cart management, and checkout functionality.

- Integrated a **custom shopping cart** with local storage for persistent user sessions.
- Designed a **dynamic product filtering system** for improved user experience.

## Education

### Seacom Engineering College

Howrah, WB, INDIA

Bachelor's Degree in Electrical Engineering

2018 - 2022

## Soft Skills

### Problem-Solving

The ability to analyze complex issues, identify solutions, and implement effective strategies efficiently.

### Rapid Learner

Quickly learn new technologies and frameworks with minimal supervision.

### Communication

The ability to convey ideas clearly, listen actively, and engage effectively with others.
